Dear Parent,

Canaan Schools now has the capability of providing students with accounts to our Google Apps online collaboration system. This system will allow students to send and receive email and to share documents online. In addition to the content filtering the school employs to prevent student access to inappropriate Internet content, the District will be using a message security system which restricts student messaging access in Google Apps: students will only be allowed to email and share documents with other students and teachers in the District for specific educational purposes.

To qualify for the use of a District Google Apps account, students and their parents or guardians must first agree to abide by our Guidelines for ICT Use (enclosed). Please work with us in helping your child understand and abide by these simple but important rules of appropriate ICT use.

STUDENT

I understand the rules for using the school's computers and the Internet and agree to follow those rules.

PARENT/GUARDIAN

I, _____, parent/guardian of _____
understand Canaan School's Guidelines for ICT Use and have reviewed these Guidelines with my
child. I hereby give my permission for my child to access the District's network including the use of
the Internet and Google Apps.
